

# Applications for Lithium Batteries

CR: Manganese Dioxide Primary Lithium Batteries BR: Poly-carbonmonofluoride Primary Lithium Batteries VL: Vanadium Rechargeable Lithium Batteries

ML: Manganese Rechargeable Lithium Batteries CTL: Cobalt Titanium Rechargeable Lithium Batteries MT: Manganese Titanium Rechargeable Lithium Batteries

Application		Battery												
		Coin-type							Cylindrical-type			Pin-type		
		Primary				Rechargeable				Primary			Rechargeable	
		CR	BR	High temp. CR	High temp. BR	VL	ML	CTL	MT	CR standard	CR Long life	BR	BR	Li-ion
Automotive	Keyless entry	○				○								
	Drive recorder (memory backup)					○	○							
	TPMS			○	○									
	ETC		○	○	○						○			
	eCall system										○			
	Automotive devices (tracking system, alarm, etc.)			○	○						○	○		
Medical	Thermometer	○												○
	Blood glucose monitor	○												○
	Insulin pump										○			
	Smart inhaler	○								○	○			○
	Active tracker (smart watch)	○												○
	AED									○	○			
Hearing Aid													○	
Infrastructure	Meters (gas/water/electronic)		○	○	○						○	○		
	Fire alarm					○				○	○			
	Price tag	○												
	Door lock device									○	○			
	Security camera									○	○			
	Flashlight									○				
	Tracking device (logistics)	○								○	○			
	Transceiver for business											○		
	Small transmitter (tracking device, etc.)	○											○	
	Sensor devices	○						○		○	○			
Memory backup	○	○		○	○	○					○			
Consumer	Wireless earphone													○
	Stylus pen													○
	Smart glass													○
	Watch	○						○	○
